

# CELLULAR HAEMOSTASIS

From the smallest blood particles to  
the biggest blood cells

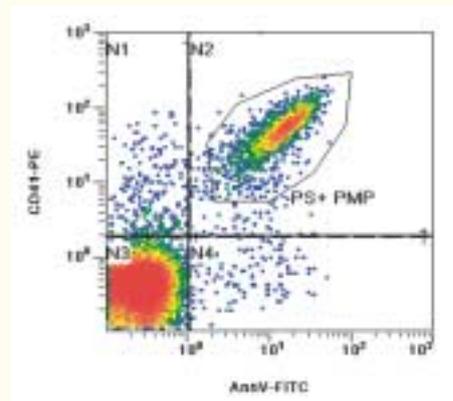

New Standardization tool to count  
MicroParticles (< 1  $\mu\text{m}$ ):

MEGAMIX

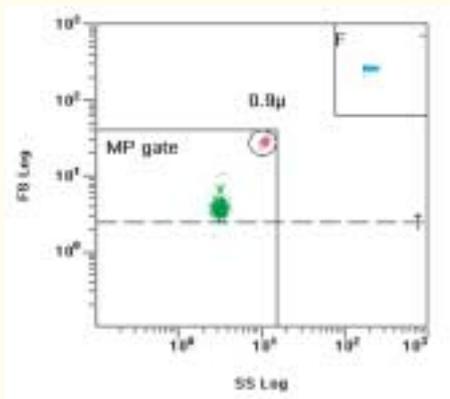

Megamix bead gating

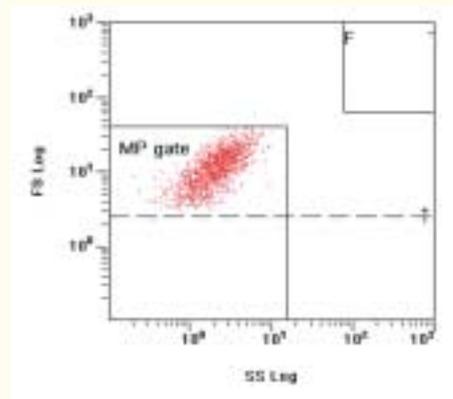

TMP analysis (in MP gate)

MP gate set-up  
0.5 to 1  $\mu\text{m}$  standard MP gate

PS+ PMP size distribution  
fits with 0.5 to 1  $\mu\text{m}$  MP gate

Standardization  
over time & across laboratories

A Diagnostica Stago group company
